AGVENTURE/ PURE MOUNTAIN K4

Pure Mountain is a selection of healthy finished products, produced by Agventure from farm produce grown in Kenya. As a food producer, we believe in farming practices that enable sustainable production which meets the demands of a growing population through quality food products that help people live healthier lives. That's why we're proud to support regenerative agriculture, a farming practice that focuses on restoring soil health and biodiversity by promoting the use of natural practices like cover cropping and crop rotation. This approach not only helps to reduce soil erosion and increase water retention but also fosters a healthier ecosystem for plants and people alike.

EAGM

11

Established in 1951 in Mombasa Kenya, East Africa Glassware Mart, popularly known as EAGM, is a privately owned family business currently being headed by the third generation of the Chandi family. Being a 70-year-old company, EAGM has grown from a small traditional 'duka' shop in Old Town Mombasa, into a fully-fledged corporate hub. It carries out wide distribution within Kenya and successfully expanded into Uganda & Tanzania. These prime locations allowed the company to cater to any customer requirement across the East African region. EAGM started the business with recycling chipped glass bottles and transforming them into classy drinking glasses. With this observed evolving opportunity in the market, a deep-rooted partnership with Arc International from France began. This has been long-standing till date!

EXHIBITORS'S LIST

PAWADA CANNING CORPORATION (M) SDN BHD A-11.3

PAWADA is an acronym from a combination of our founder's family names – PATONG and WASLI.
Tuan Haji Wasli bin Ibrahim is a true-blue Sarawak boy who started a small business selling sundries and supplies in Kuching in the 1980s. It was obvious even in those days that there was a demand for locally produced halal products from his customers. He noticed that most halal products had to be imported from outside of Sarawak. That realization led to a dream – to produce premium quality halal food products for local and international consumption; and at the same time, contribute to the livelihoods of local farmers and villagers by engaging them as part of the chain of production and workforce.

SUHANA SPICES A12

Suhana's founders launched the production of a small line of home-made spices, or "masalas". The spices were made by Late Mrs. Kamalbai Hukmichand Chordia in small quantities every day and sold by her husband Shri. Hukmichand Chordia. The couple used only fresh raw materials from the market and customers just loved the recipes and the quality of the masalas. There was no looking back! By the time the next generation got involved, the business was already quite large. The Founder couple's sons Mr. Rajkumar Chordia and Mr. Pradip Chordia acquired land in Hadaspar Industrial Estate, where they established a manufacturing unit. The product range was expanded considerably, including extending the line to pickles and papads. A thrust was also given to upgrading technology, packaging, and a new workforce was constantly hired to keep up with soaring production.

YALELO K3

We grow tilapia fish in the clear open waters of Lake Victoria. Our cages are among the largest in Africa, providing an open environment for our fish to swim far and deep against natural lake currents. This environment produces a fish that is healthier and stronger, with a taste our customers have come to love. Our fish enjoy the very best diet formulation available based on soy, maize, and wheat. Because Yalelo fish receive only the highest-quality balanced diet available, there is no mystery to what is on your plate. Using only the best feed available on the African continent keeps our fish healthy and gives a great clean taste!
